## COUNTRY DAY SCHOOL

SUMMER CAMP '08 BROCHURE

GET READY FOR THE BEST SUMMER YET!

Guest appearances will be made by the Great Arizona Puppet Theater. Their stage sets, complete with whimsical props and puppets, provide a delightful show to children of all ages. The Wildlife World Zoo and a Petting Zoo will bring a variety of critters for the children to meet (and some of KCDS's own critters). The Starlight Planetarium Program will allow us to even travel through space.

It's back to nature time! Our summer camp will be filled with activities designed for you to wander with your imagination.

# SUMMER CAMP

>>> We will pretend we are camping and we'll travel around the country from the seashore, through the forests and to the mountains. While traveling, we will learn about the plants and animals around the country. We will go exploring and be creative with different forms of activities, music and movement. So, come along and enjoy SUMMERTIME FUN!

Other surprise visitors will join us too, so join our summer of fun, excitement and adventure. The more days you attend, the more you will get to experience.
